AZERBAIJAN STATE AGRICULTURAL UNIVERSITY

Name: Konul
Surname: Allahverdiyeva
Father name: Eldar
Date of birth: 04.01.1979
Work phone: (022) 266 02 68
Mob: +994559683001
E-mail: allahverdiyeva-1979@mail.ru
Faculty: Engineering
Department: Melioration and hydraulic facilities

EDUCATION, SCIENTIFIC DEGREES AND SCIENTIFIC NAMES

2004 bachelor
2006 master
2014-2018 - Azerbaijan State Agrarian University, dissertation on the specialty 3103.02-Amelioration, reclamation and land protection.

EMPLOYMENT

ADAU 2006 assistant
ADAU 2009-2013 teacher
ADAU 2014, senior teacher (currently)

RESEARCH AREA

Ways to improve the technology and increase the efficiency of the construction of kahrizs

PARTICIPATION IN INTERNATIONAL SEMINARS, SYMPOSIUMS AND CONFERENCES

Azerbaijan, Canada

SCIENTIFIC WORKS

1.Ways to increase the efficiency of the irrigation system. Materials of the scientific-practical conference of masters and bachelors of AATA. Ganja, 2005
2. Measures to increase the efficiency of land reclamation systems. Collection of articles of AKTA Postgraduate, Master's and Bachelor's students. Ganja, 2006.
3. Factors influencing the deterioration of the eco-ameliorative condition of soils and ways to improve them. Collection of scientific works of ASAU. Ganja, 2012
4. The way of canals in the use of groundwater sources. International Scientific-Practical Conference of ASAU. Ganja, ASAU 2014.
5.Current state and geographic distribution of water sources Kariz. The European Journal of Technical and Natural Sciences. Premier Publishing s.r.o. ISSN 2414-2352. 2019. №4ю

6. Karizs in Azerbaijan and their current state. International Conference “Science and Society-Methods and Problems of Practical Application”. 15th August 2019.Vancouver, Canada 2019.
7.Hydraulic calculation of kahrizes. Agrarian Science (scientific-theoretical and production journal) ISSN0869-8155. 7-8. 2019
8. Ways to restore ancient kahrizs and increase productivity. Ecology and water management. Scientific-technical and production journal. 2019, № 4.
9.About the quality indicators of kahriz water in Ganja-Gazakh region. Radiation and chemical safety problems. International Scientific-Practical Conference. 05-06 November, 2019. Baku, Azerbaijan. Azerbaijan Architecture and Construction University.
10. Ancient canals, their construction and working principle. Materials of the Republican Scientific Conference on "Actual Problems of Geology" dedicated to the 96th anniversary of the national leader of the Azerbaijani people Heydar Aliyev. Baku State University. Baku, May 15-16, 2019.
11.Principles and method of designing canals. Azerbaijan Agrarian Science. Scientific-theoretical journal. №4, 2019. ISSN-76419
12.Technology of construction of canals. Nakhchivan AR department of ANSA Scientific Works (Natural and technical sciences series №2). Nakhchivan, "Tusi" - 2020, Volume 16
