Education, academic degree and scientific titles.

- In 1970 he graduated from the Faculty of Physics of Azerbaijan State University (now BSU);
- in 1978 he defended his dissertation on the topic “study of nonequilibrium processes of Cd In Ga S₄ compounds”;
- in 1994 received the academic title of Associate Professor of the Department of Physics.

LABOR ACTIVITY.

1973-1980 postgraduate student at the Institute of Physics of ANAS, research fellow

1980-2013 AZTU researcher, assistant, associate professor, Head. Educational part (2003-2013)

From 2013 to the present time, Associate Professor, Department of Physics and Mathematics, ASAU

Teaches physics, biophysics, medical physics.

Author of 2 copyright certificates, about 60 scientific articles, 5 programs, 4 guidelines.

FIELD OF STUDY

Application of applied physics and mathematics in the mechanization of agricultural production.

Participation in international seminars, symposiums and conferences.

1. materials of scientific and practical conferences of AZTU, GANJA, 2015, 2019
2. International Turkish conferences 2017,2019
3. Materials of International conferences 2013, 2017 Baku

Articles and scientific works

1. Study of characteristic parameters in electrophotographic systems made on the basis of doped CdInGaS₄ honey. Baku 2017
2. Mechanism of formation of potential relief in electrophotographic layers made on the basis of CdInGaS₄. Giresun 2019
3. The mechanism of formation of manufactured electrophotographic layers on the basis of complex semiconductors. Ganja 2019
